

STUDENTS SHARING ACROSS THE GLOBE

Happenings in 2020

GSP will be:

Holding the annual GSP Trivia Challenge

Holding a fund-raising dinner

Facilitating a clinical trial in our Kenyan schools for the treatment of jiggers

Applying for ACFID Full Membership and DFAT Overseas Accreditation

Continuing our work in Kenya, with your support.

Thank you!

Food for the children at St George's Academy

Thanks to the wonderful support from St John the Apostle Primary School the children at their partner school, St George's Academy are now enjoying a diet supplemented with fresh eggs.

The school has purchased chickens and erected a coop and chicken run. The hens spend part of each day foraging in an area of the school grounds and are locked in at night into the coop, so they are kept safe from predators and thieves.

"The students are really enjoying the eggs at breakfast and lunch. Thank you, St John the Apostle you are a blessing to us."
Dr Misati – Director St George's Academy

Best wishes for 2020

We would like to wish all members of the St John the Apostle Primary School community a very happy Christmas and a peaceful, joyful new year.

Thank you for your support of St George's Academy.

The team at GSP

Work started on new building at St George's

Student numbers at St George's Academy continue to grow and the school needs more facilities. Construction has started on a new building at the school.

"As from Monday the contractor is starting the project construction and I hope that my humble request is under consideration from you and school partner to enable me finish the project. Thank you and may God's plan be fulfilled.
Best regards, Daktari Misati."
